

SEPT 6 8AM  
AT THE VILLAGE/TWO THREE HUNDRED TENT CITY

# GIANT TRASH CLEAN UP DAY!

FINALLY! the city of Oakland will be doing a huge clean-up here. That means folks need to pack up their belongings (including tents) that they want to keep, move your belongings to the cul de sac on 23rd Ave or the median at E12, and public works will be here to clean up the ENTIRE parcel of land. Under the overpass, around houses and structures, behind homes. If you want to keep it, take the time to pack it up and move it for the cleaning crews to come in. We are still working on getting them to fill up all the rat holes on that day too. This entire clean up will require you to spend a day or two sorting and packing. It will take city workers all day to clean. But when they are finished you can move your tents and belongings back to the land. Nice, clean, trash free land!

The day of the clean up Village volunteers will be here at 7:45am with breakfast and to help ya'll move your belongings off the land and back onto the land. For more info contact needa bee at 510-355-7010
