

# Monday Sept 17 5pm

## Oakland City Hall 14th & Broadway

the only solution for homelessness is permanent affordable housing for all.

however the city administration doesnt seem to understand this.

they are spending millions of dollars and public land to create tuff shed  
prison camps. two people in one tool shed, no electricity, no running water.  
curfews. no visitors. no cooking on site. no promise of permanent housing.  
no visitors.

is that how you want to live?

what are your solutions?

go to city hall and tell them what you think.

village volunteers will be come pick you up between 4:30-5:00 pm to give you  
rides to city hall. call needa bee for more info 510-355-7010
